Hi Steve;

I just wanted to update you on a phone conversation I had with Cindy Bezaury at lunch, I called her ref the situation w/ Hough and asked if she was aware that the department was going to follow through on the LCA tomorrow at 10. She advised that she was aware of that. I asked her how in the world could they be doing this as I thought she was going to sit down with us and review the situation. She advised that the chief had made his decision and that she had not yet had the opportunity to gather all the info for the review as she was still waiting on some ops orders. I asked her if she had had a chance to look at our web post on the matter and she said she had not. I asked her to please do so and that she would find the ops orders attached to the post. I also asked her to put off the termination until she could sit down with us as we have grave concerns about the way this whole thing has gone down. She too advised that she had some concerns and would consider it. Let me know if you have any questions, see what happens....
