Hi! I'm Jim and I am the Founder and Owner of Charity Plumbing.

I have over 18 years of experience in plumbing and have worked all over the country. In addition, I

helped rebuild New Orleans during the aftermath of Hurricane Katrina.

When I moved to the Greater Phoenix Valley in 2008, I searched to find a company that was honest and transparent with the customer and treated the employees with respect and appreciation. When I realized what I had been searching for didn't exist, I decided to create it myself. The result is Charity Plumbing.

Over the past few years, I have watched alarmingly as the number of homeless and struggling people has increased here in the Valley. My vision is to use my trade to help save others from that fate.
